

THE PATRIOT REPORT

Staking/Air Drop Rewards

With the exchange market getting more and more competitive, we want to separate ourselves from the pack and offer our supporters more for their money. Starting in 2022, we will be introducing an airdrop system that will reward holders for holding certain amounts of PATX tokens in their **PATRIOT EXCHANGE Wallets ONLY (Wallets outside of the exchange will NOT be eligible for the airdrop rewards)**. Similar to staking rewards typically found on blockchains that have proof of stake (PoS) minting mechanisms, the air drop rewards will be based on wallet holdings. The larger the wallet holdings, the larger the reward airdrop that will be paid out. All rewards will be paid out from a dedicated airdrop wallet to ensure full transparency between the team and community throughout each and every payout session. Each airdrop will be paid out

quarterly and will be based on the holdings in your PATX wallet at the end of the quarter on the Patriot Exchange. Please look below at the airdrop/reward payout based on wallet holdings. 10,000 PATX is the minimum amount needed to participate in the airdrop reward system.
